

Doppstadt DW 3060 K Bio Power â?? 2018 â?? 13,161 Hours

Description

The Doppstadt DW 3060 K Bio Power is a heavy-duty slow speed shredder designed for demanding applications, ideal for green waste, biomass, wood waste, and roots. Built in the robust Bio Power specification, this machine delivers strong performance, high efficiency, and reliable operation in recycling yards, composting sites, and biomass processing environments.

This 2018 machine has 13,161 hours, is well maintained, and is equipped with a powerful 360 kW Mercedes OM460 LA engine. The unit is tracked for excellent mobility on-site and comes with essential features for efficient operation. Located in the UK.

Key Specifications

â?? Model: **Doppstadt DW 3060 K Bio Power**
â?? Year: **2018**
â?? Hours: **13,161**
â?? Engine: **Mercedes OM460 LA**
â?? Engine **Power: 360 kW**
â?? Mobility: **Tracked**
â?? Condition: **Well maintained**

Key Features

â?? **Slow speed shredding system** â?? ideal for tough and bulky materials
â?? **Bio Power spec** â?? optimized for biomass and green waste processing
â?? **Overband magnet** â?? efficient metal separation
â?? **Remote control + dog lead** â?? flexible and safe operation
â?? **Central lubrication system** â?? reduced maintenance and longer component life
â?? **Tracked chassis** â?? easy repositioning across site
