

Evoquip Cobra 290R | 2022 | 3,300 hrs

Description

The EvoQuip Cobra 290R is a reliable and efficient impact crusher, designed for demanding recycling and crushing applications. Ideal for processing concrete, asphalt, and general recycling materials, this machine delivers strong crushing performance while remaining compact and easy to transport between job sites.

This 2022 machine has 3,300 hours, with approximately 2,300 crushing hours, and is in good working condition. Well maintained and ready to go straight to site, the crusher is equipped with a 1-deck screen and overband magnet for improved productivity and material separation. Located in Denmark.

Key Specifications

- **Model:** EvoQuip Cobra 290R
- **Year:** 2022
- **Hours:** 3,300
- **Crushing hours:** Approx. 2,300
- **Crusher type:** Impact crusher
- **Screen:** 1-deck screen
- **Magnet:** Overband magnet fitted
- **Condition:** Good working condition

Key Features

- Powerful impact crushing system • ideal for concrete and asphalt
- Compact and mobile design • easy transport and site setup
- 1-deck screen • improved material sizing efficiency
- Overband magnet • effective metal separation
- Well maintained • ready for immediate operation
- Suitable for recycling and aggregate production applications

• Location: Denmark
