

Arjes VZ 850 DK 2021

Description

The **Arjes VZ 850 DK** is a powerful twin-shaft shredder designed for high-capacity waste processing. Ideal for recycling, demolition, and waste management applications, this machine ensures efficient material reduction with its robust design and advanced shredding technology.

Key Features:

â?? Year: 2021â?? Hours: 8,505

â?? Shredding System: Twin-shaft

â?? Engine: Volvo Penta, 768 HP (566 kW)â?? Transport: Tracked for mobility on-site

â?? Discharge Conveyor: Adjustable for optimized material flow

a?? Metal Separation: Overband magnet for ferrous material removal

Applications:

a?? Construction & Demolition Waste a?? Efficiently processes concrete, wood, and mixed rubble

â?? Metal Scrap & Car Bodies â?? Shreds light metals, white goods, and scrap materials

a?? Waste Wood & Biomass a?? Suitable for green waste, pallets, and forestry residues

â?? Household & Commercial Waste â?? Handles residual waste, plastics, paper, and cardboard

â?? Rubber & Tires â?? Effectively shreds used tires and rubber products
