McCloskey J40 2020 for sale

Description

The **McCloskey J40** is a compact yet highly productive tracked jaw crusher designed for quarrying, demolition, recycling, and aggregate production. Combining excellent crushing performance with the reliability of a CAT engine, it is an ideal machine for contractors looking for a versatile and efficient crusher.

This **2020** machine has only **2,600 hours** and has been kept primarily as a **spare crusher**, resulting in relatively light use. Powered by a **CAT engine** with **no AdBlue**, it offers simple operation, reduced maintenance requirements, and dependable performance. The machine is in good working order and ready to go straight to work.
