

ARJES Impaktor 250 2025 246 Hours

Description

The ARJES Impaktor 250 is a compact and powerful twin shaft shredder, designed for efficient processing of construction, demolition, wood, and mixed waste materials. Built for demanding recycling applications, it offers excellent mobility, high performance, and low operating costs, making it an ideal solution for contractors and recycling operators.

This 2025 ex-demo machine has only 246 hours and is in as-new condition. Available for immediate export to the UK and Europe, it provides the opportunity to own a nearly new ARJES Impaktor 250 without paying the price of a brand-new machine. Located in Germany.
