

EDGE VS420 â?? 2021 â?? 2,821 Hours

Description

The **EDGE VS420** is a powerful twin-shaft shredder designed for efficient processing of various materials, including **wood waste, green waste, MSW, C&D debris, biomass, and more**. With **2821 hours** of operation, this unit is in **great working condition** and ready for immediate use.

Equipped with a **420HP Caterpillar** the VS420 ensures **high throughput, low fuel consumption (25-30 L/hr), and excellent material intake**. The **intelligent control system** provides tramp metal protection, while the **customizable shredding programs** allow precise output sizes.

Technical Specifications

- **Hours:** 2821
- **Engine:** 420HP Caterpillar C9.3B Tier 4 Final / Stage V
- **Shredding System:** Twin-shaft with self-cleaning technology
- **Fuel Consumption:** 25-30 L/hr
- **Weight:** Approx. 29.5 tons
- **Transport Dimensions:** 9,700 mm (L) x 2,550 mm (W) x 3,150 mm (H)
- **Working Dimensions:** 13,410 mm (L) x 2,550 mm (W) x 4,700 mm (H)
